PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student with a strong passion for Cybersecurity and software development. Experienced in building Python-based applications and understanding core networking and security concepts. Certified by Cisco and Infosys, with a keen interest in solving real-world problems through technology. Looking to contribute to a dynamic team at a growth-oriented organization while continuously developing technical expertise.

TECHNICAL SKILLS

Programming Languages: Python, Java, C (Basics)

Cybersecurity: Network Security Fundamentals, OWASP Concepts, Vulnerability Basics

Networking: TCP/IP, OSI Model, DNS, Cisco Networking

Tools & Platforms: Git, GitHub, Linux (Basic), VS Code

Soft Skills: Problem Solving, Team Collaboration, Quick Learner, Attention to Detail

PROJECTS

Fake Social Media Account Detection

Python | Machine Learning

- Built a Python application to detect and classify fake social media profiles using pattern analysis.
- Analyzed account attributes such as follower ratio, posting frequency, and profile completeness.
- Implemented logic to flag suspicious accounts with a confidence score output.
- Demonstrated skills in Python, data analysis, and real-world problem solving.

Network Packet Analyzer

Python, Scapy

- Developed a Python tool to capture and inspect live network packets in real time.
- Displayed source/destination IP addresses, protocols (TCP/UDP/ICMP), and port numbers.
- Added basic alert detection for port scanning attempts — practical application of networking concepts.

CERTIFICATIONS & ACHIEVEMENTS

- Cisco Certified Network Associate (CCNA) — Networking fundamentals, routing, switching
- Infosys Springboard — Operating Systems Certification
- Google Cybersecurity Professional Certificate — Coursera (In Progress)
- TryHackMe — Actively completing cybersecurity labs (Pre-Security Learning Path)

EDUCATION

B.Tech — Computer Science and Engineering

2023 – 2027

SR University, Warangal | CGPA: 6.0 / 10

Intermediate (M.P.C)

Graduated 2023

SR Educenter | 74.2%

Secondary School Certificate (SSC)

Graduated 2021

SPR School of Excellence | GPA: 10 / 10

ADDITIONAL INFORMATION

- Actively seeking internship and full-time opportunities in Cybersecurity, Software Development, and IT roles.
- Enthusiastic about continuous learning — regularly following industry trends in cloud security and DevOps.
- Strong academic foundation with a perfect 10 GPA in SSC, showing consistent dedication to excellence.
